

Commercial Boiler Program - Eligible Boiler List

Disclaimer: The Eligible Boiler List, developed by Natural Resources Canada and FortisBC, is only to be used as a guide for builders, developers, building owners, mechanical consultants and SaskEnergy Commercial Network Members. The list is not exhaustive and may be amended or modified at any time without notice. No representations or warranties are made by either Natural Resources Canada or SaskEnergy that the list contains all eligible boilers. SaskEnergy reserves the right, in its sole discretion, to refuse any application made under the Commercial Boiler Program.

SaskEnergy makes no representations, warranties or guarantees regarding any of the boilers or their purported efficiency ratings and does not endorse the use of any particular boiler.

Near Condensing Boilers - 200,000 BTU - 299,999 BTU

Boiler incentives for near condensing boilers will only be offered if used in a hybrid system with at least one condensing boiler. In this case, near condensing boilers are eligible for the following incentive:

\$3 per 1,000 BTU/hr.
