

Count Your Savings with Natural Gas.

Safe, Reliable, Convenient and Still Your Best Energy Buy!

Home Heating

Furnace Fuel	60% Efficiency	80% Efficiency	92% Efficiency	100% Efficiency
Natural Gas	\$801	\$601	\$523	
Fuel Oil	\$2,344	\$1,758	n/a	
Propane	\$2,469	\$1,851	\$1,610	
Electricity				\$1,989

Not all natural gas furnaces are the same. Choose an ENERGY STAR® qualified furnace with an energy efficient variable speed motor for maximum savings.

Natural Gas Furnace	Natural Gas Cost Per Year	Electric Motor Cost Per Year	Total Annual Energy Cost	Approx. Annual Savings When Replacing a Standard Furnace
Standard (60%) Belt Driven Motor	\$801	\$366	\$1,167	
Mid-Efficiency (80%) Direct Drive Motor	\$601	\$305	\$906	\$261
High Efficiency (91-93%) Direct Drive Motor	\$523	\$305	\$828	\$339
High Efficiency (94-96%) DC Variable Speed Motor	\$533	\$81	\$614	\$553

Water Heating

Water Heater Average Use Per Year (based on family of 4)	Natural Gas Cost	Electric Cost	Propane Cost	Approx. Annual Savings
735 m ³ /yr	\$196	\$475	\$605	\$409

Based on Fuel Rates as of August 1, 2010

Natural Gas	\$0.2671 per m ³	Electric	\$0.1061 per kWh
Propane	\$0.5420 per litre	Fuel Oil	\$0.7960 per litre

Cost comparisons are based on average residential use

Indoor Comfort to Outdoor Living...

Whether it's a natural gas furnace, water heater, fireplace, range, barbecue, clothes dryer, or one of the other convenient natural gas appliances, natural gas means comfort for you and your family. Enjoy a fuel supply that's efficient, environmentally friendly and reliable.

Barbecue

Barbecue	Average Use/Year	Natural Gas Cost	Propane Cost	Approx. Annual Savings
40,000 Btu	60 hours	\$18	\$56	\$38

Clothes Dryer

Clothes Dryer	Average Use/Year	Natural Gas Cost	Electric Cost	Approx. Annual Savings
20,000 Btu	200 hours	\$30	\$99	\$69

Range / Cooktop

	Average Use/Year	Natural Gas Cost	Electric Cost	Approx. Annual Savings
Cooktop	100 hours	\$13	\$39	\$26
Range	100 hours	\$18	\$56	\$38

Fireplace

Fireplace	Average Use/Year	Natural Gas Cost	Wood Cost	Approx. Annual Savings
20,000 Btu	100 hours	\$15	\$200	\$185
30,000 Btu	100 hours	\$23	\$200	\$177
40,000 Btu	100 hours	\$30	\$200	\$170

Heating Your Shop with a Radiant Heater

Radiant Heaters	Average Use/Year	Natural Gas Cost	Electric Cost	Propane	Approx. Annual Savings
35,000 Btu	600 hours	\$156	\$522	\$486	\$366
80,000 Btu	600 hours	\$360	\$1,194	\$1,110	\$834
