

**Natural Gas**  
**Your Natural Choice for Savings**  
**FUEL RATES (as of August 1/10)**

<u>Fuel Type</u>	<u>Residential Rates</u>
Natural Gas	26.71¢ per m <sup>3</sup>
Electricity	10.61¢ per kWh
Fuel Oil *	\$0.796 per litre
Propane *	\$0.542 per litre

\* Provincial average. Costs may be higher or lower in specific areas

**RESIDENTIAL FUEL COST COMPARISONS**

Space Heating

For every **\$1.00** you pay for natural gas to get the same amount of heat you would pay the following for other fuels:

<b>Electricity</b>	<b>\$3.93</b>
<b>Propane</b>	<b>\$3.08</b>
<b>Fuel Oil</b>	<b>\$3.47</b>

Calculation based upon natural gas and propane furnaces rated at 95% efficiency, fuel oil 85% efficient and electric 100% efficient.

Water Heating

For every **\$1.00** you pay for natural gas to get the same amount of hot water you would pay the following for other fuels:

<b>Electricity</b>	<b>\$2.42</b>
<b>Propane</b>	<b>\$3.08</b>

Calculations based upon natural gas and propane water heaters rated at 55% efficient and electric 94% efficient.

All values are for heating energy only. Service charges, applicable taxes and surcharges are not included.

**Natural Gas Facts**

Natural gas is still the best energy buy in Saskatchewan.

Natural gas is the cleanest burning of all fossil fuels – the natural choice for the environment.

Natural gas is convenient and reliable...a continuous supply of fuel whenever you need it.

Natural gas fuels more than just furnaces and water heaters. Barbecues, patio lights, radiant heaters, ranges, fireplaces and clothes dryers are among the many other possibilities. There are numerous agricultural, commercial, and industrial applications.

**And it's safe...** you've trusted natural gas for years to keep your home warm and your water hot...quickly...inexpensively...safely.

**Did you know?**

Natural gas is lighter than air and will dissipate into the atmosphere unless confined.

Natural gas is odourless and before it is delivered to homes and businesses we add mercaptan which gives the gas a sulphur or "rotten egg" smell to help detect leaks.

With SaskEnergy's My Account you can view 24 months of detailed billing information online as well as enter your meter reads and receive your bill electronically. Do your part for the environment and sign up today for eBill.

Don't forget to **Call Before You Dig!** Give Sask 1<sup>st</sup> Call two working days notice and SaskEnergy will mark the underground lines for you free of charge. Call 1-866-828-4888 or enter your request online at [sask1stcall.com](http://sask1stcall.com)

Natural gas appliance financing is available through SaskEnergy Network Members – independent retailers and contractors in your community – working with SaskEnergy to give you easier access to the benefits of natural gas.
