ADVANTAGES OF LEASING

Leasing makes good business sense. Besides freeing up your cash flow, there are many other ways that leasing may benefit your business.

These advantages include:

- Fixed payments (provides you with peace-of-mind knowing payments won't fluctuate with changing interest rates).
- 100% financing (you are not required to make a down payment).
- Simplicity of accounting (leasing simplifies your budgeting and forecasting process).
- Preservation of bank lines (leasing preserves bank lines of credit for other business purposes or unexpected demands for cash).
- Pre-authorized payment plans (automatic withdrawals offer you convenience and peace-of-mind).

WHO HANDLES THE PAPERWORK?
