

While volunteering at Souls Harbour Rescue Mission a Purchasing employee (Carol) learned that many Reginaans are walking around in the frigid Prairie winter without any socks on, so when she heard about the initiative she suggested it to her fellow employees. The response was overwhelming. SaskEnergy Corporate Support and Audit Services staff, together with the I.S. Contractors, put together 243 pairs of socks as well as numerous wrapped gifts for children.

*Socks begin to pile up for Operation Christmas Stocking*

Filled with small, but useful items – such as toothpaste and toothbrushes, travel sized items, washcloths and gift certificates to fast food restaurants – the socks will be given out at the SHRM's annual holiday dinner.

Thanks to Carol and all the SaskEnergy employees who participate in the Sock Stuffing for showing what the Holiday Season is all about!
