

SaskEnergy Executive Committee

Randy Greggains
Vice President, SaskEnergy & TransGas Operations
Regina, Saskatchewan

Randy joined SaskEnergy in 1998, after having worked for sixteen years in various roles with increasing responsibility within Saskatchewan Energy and Mines. Randy is a graduate of the University of Saskatchewan, obtaining a Bachelor of Science in Engineering in 1982, and of the University of Regina, with a Masters of Public Administration in 1993.

Randy has worked in a number of financial and customer service functions within SaskEnergy and TransGas and currently is the Vice President responsible for SaskEnergy and TransGas Operations. In his current role he leads the transmission and distribution operations groups who maintain and operate the natural gas system and serve customers in the province with a distributed workforce.
