Commodity Sale may involve several parties, including marketers, producers, lawyers, consultants, brokers, agents, utilities and the Consumer of the natural gas and/or related services offered. The relationship between the various parties must be based on fair and ethical principles.

Scope

The purpose of this Code is to foster and uphold a sense of responsibility towards the Customer and towards the general public by all those engaged in Commodity Sale of natural gas and related services in the province of Saskatchewan.

The Code applies to sales practices used in the marketing of Commodity Sale of gas.

The Code is to be applied in spirit as well as to the letter, bearing in mind the varying degrees of knowledge, experience and discriminatory ability of those to whom Commodity Sale is directed.

Basic Principles

All Commodity Sale arrangements shall conform to the principles of fair competition as generally accepted in business, with particular regard to:

- ✓ the terms of the Offer and the methods and form of contact with the Customer;
- ✓ the methods of presentation of information on the supply and services relating to natural gas;
- ✓ the fulfillment of any obligation arising from the Offer of Commodity Sale of natural gas or any operation connected with it.

Commodity Sale activities shall be carried out in conformity with the laws of Canada and its provinces, where applicable.

Gas Retailers shall voluntarily assume responsibility towards the Customer with respect to fair sales methods and product value, and shall make every reasonable effort to ensure Customer satisfaction.

Gas Retailers shall ensure that their sales persons are fully informed as to the characteristics of the gas supplies and/or services offered to enable them to give the Customer all necessary information to make informed decisions.

The Terms of the Offer

Accuracy

Article 1 The terms of any Offer shall be clear so that the Customer may know the nature of what is being offered and the commitment and risks involved in agreement to contract for natural gas and/or any related services. In particular, but without limiting the generality of the foregoing, any Offer shall be accurate and truthful as to any representation made as to price, delivery arrangements, payment terms and conditions, quality and value of services, source(s) of supply and quantity and performance and warranty conditions.

Price and Other Terms

Article 2 The following shall apply concerning price and other terms:

- ✓ All Offers shall contain clear statements as to the natural gas supplies, quantities of natural gas to be purchased, intended start-up and delivery dates, and the term of the agreement.
- ✓ If the price or any other term or condition is subject to redetermination, indexation or arbitration, the Offer shall so state.
- ✓ No Offer to a residential or farm Customer shall require that a sign-up fee be taken in order to initiate a Commodity Sale contract.
- ✓ All Offers shall contain the minimum contract terms specified in Schedule 5 of the Gas Retailer Master Services Agreement.

Such Disclosure Statement shall be signed by the Customer prior to execution of any Commodity Sale Agreement for natural gas. The form of the Disclosure Statement and Agency Agreement to be utilized is attached as Appendix A to this Code of Conduct.

Procedures for Dispute Resolution – Gas Retailers

As part of a Gas Retailer Master Services Agreement with SaskEnergy, Gas Retailers have agreed to follow a dispute resolution process and to comply with a Code of Conduct.

The following process is required for addressing complaints and disputes between Customers and Gas Retailers arising under individual Residential Gas Supply Agreements and/or the Code of Conduct. Effective November 1, 2010, the dispute resolution process will be available for Code of Conduct complaints only. The Code of Conduct applies to both Residential and General Service (business) Customers.

The following process mirrors the procedure described in Schedule 6 to the Gas Retailer Master Services Agreement between SaskEnergy and the Gas Retailer.

Level One

Either party (the “Initiating Party”) may give written notice to the other party (the “Receiving Party”) that it intends to invoke this dispute resolution process. Such written notice shall contain the details of the issues in dispute (the “Issues”).

An Application for Dispute Resolution – Level One form, obtained from SaskEnergy, can be used for this purpose.

The Initiating Party and the Receiving Party shall attempt to resolve the Issues. If the parties cannot resolve the Issues by mutual agreement within twenty (20) days (or such other period as mutually agreed to by the parties) the dispute shall proceed to Level 2.

Each party shall make bona fide efforts to resolve any disputes arising between them by amicable negotiations and provide frank, candid and timely disclosure of all relevant facts, information and documents to facilitate those negotiations.

Level Two

If the Initiating Party and Receiving Party are unable to resolve the Issues pursuant to Level 1, then either party may submit the Issues to SaskEnergy to be resolved.

An Application for Dispute Resolution – Level Two form, obtained from SaskEnergy, together with an Application for Dispute Resolution – Level One (or equivalent) and proof of service thereof, must be filed with SaskEnergy.

On receipt of such an Application, SaskEnergy shall appoint a dispute resolution coordinator (the “Dispute Resolution Coordinator”) who will establish a process to resolve Code of Conduct matters (the “Dispute Resolution Procedures”). Unless otherwise agreed to by all parties and the Dispute Resolution Coordinator, the parties

will attend at a single “med–arb” session, together with any witnesses and all relevant facts, information and documents in their possession. The Dispute Resolution Coordinator will first attempt to mediate, and if no agreement is reached, the Dispute Resolution Coordinator will forthwith proceed to arbitrate.

The Dispute Resolution Coordinator shall have all of the powers given to arbitrators under *The Arbitration Act, 1992*.

In the event the parties and the Dispute Resolution Coordinator cannot reach an agreement as to the time and place, the time and place of the med-arb session shall be as determined by the Dispute Resolution Coordinator.

The Dispute Resolution Coordinator shall not be bound by the rules of evidence, which govern the trial of cases in court, but may hear, receive, and consider any evidence that he or she may consider relevant.

The decision of the Dispute Resolution Coordinator shall be final and binding upon the parties. However, either party may appeal the decision of the Dispute Resolution Coordinator to Level 3 regarding any issue of law.

The Dispute Resolution Coordinator has the power to order on a provisional basis any relief that he would have power to grant in a final award.

The Dispute Resolution Coordinator may dispense with reasons in making his award.

The Dispute Resolution Coordinator, and SaskEnergy, shall not be liable to the parties for any act or omission whatsoever in connection with the dispute resolution services provided.

In the event a breach of the Code of Conduct is found by the Dispute Resolution Coordinator, the Dispute Resolution Coordinator shall provide those findings to SaskEnergy for remedial action in accordance with the Code of Conduct and Gas Retailer Master Services Agreement. In addition, the Dispute Resolution Coordinator may order one or more of the following remedies: that the Customer be permitted to return to SaskEnergy supply, payment or reimbursement of Short Notice Return Charges, payment or reimbursement of the Dispute Resolution Fee, or payment or reimbursement of other SaskEnergy fees by either party to the other.

Level Three

A party may appeal an award to the courts on a question of law and *The Arbitration Act, 1992* shall apply.

Level 3 proceedings are not facilitated by, funded by or subsidized by SaskEnergy, and it is the responsibility of the parties to pursue such legal assistance as they may require.

Costs

Each party's costs regarding dispute resolution shall be borne by each party, with the exception of the Dispute Resolution Fee, which may be reallocated to either party as outlined above.

Notes

There shall be no cost of initiating a Level One dispute resolution process. There shall be a fee of \$50.00 (a Dispute Resolution Fee) to initiate a Level Two application, payable by the initiating party to SaskEnergy. This cost, plus applicable taxes, will be added to the applicant's monthly SaskEnergy bill.

Please keep a copy of all dispute resolution related documentation.

Where an extension of time is agreed upon, it is good practice to obtain the consent in writing for evidentiary purposes.

You must serve your Level 1 documentation in such a way that you can later prove it has been served. Notice may be provided to the Gas Retailer or Customer:

- (a) by pre-paid registered mail, with a signature requested as proof of service;
- (b) personally at a place of business (or the registered office) of a corporation by leaving it with a person who appears to be in control or management of the place, with a signed acknowledgement of service form obtained as a proof of service;
- (c) personally on an individual by serving it on the individual, with a signed acknowledgement of service form obtained as proof of service;
- (d) by fax, with a copy of the transmission record or journal generated by the fax machine that indicates the date of transmission and that the transmission was successful, as proof of service.

If a party will not accept or acknowledge service, service may be proved by way of sworn affidavit. Level 2 documentation may be provided to SaskEnergy by ordinary mail.

The Parties are strongly encouraged to obtain such legal advice in respect of all matters pertaining to this dispute resolution process as they think appropriate.

Unless otherwise provided for herein, defined terms shall have the meaning ascribed thereto in SaskEnergy's Terms and Conditions of Service Schedule.

- (b) The Customer must execute a “Disclosure Statement and Appointment of Agent” form which, along with appointing the Gas Retailer as Customer’s agent for certain purposes and providing information to the Customer, will permit SaskEnergy to exchange Customer account information with the Gas Retailer;
 - (c) The Service Transfer Date must be November 1st;
 - (d) Where the Customer is a SaskEnergy Supply Customer or existing Gas Retailer Customer, the Customer or Gas Retailer on behalf of the Customer must provide SaskEnergy with a Service Transfer Notice a minimum of sixty (60) Days prior to the Service Transfer Date;
 - (e) The Customer’s historical average annual gas consumption must not be greater than 660,000 m³.
6. In the event that the Gas Retailer or the Customer fails to meet all the conditions described in [5] above for the transfer of Gas Supply to a Gas Retailer, SaskEnergy may refuse to transfer the Customer, or impose a Short Notice Charge calculated in accordance with [13] below, payable to SaskEnergy by the Customer or the Gas Retailer on behalf of the Customer, at SaskEnergy’s sole discretion.
7. If Customer wishes his Supply transferred from a Gas Retailer to SaskEnergy, then sixty (60) Days’ prior written notice shall be given to SaskEnergy together with a Service Transfer Date of November 1st, and an executed “Revocation of Agent/Instruction to Transfer” form. If any of these requirements are not met, then SaskEnergy may refuse to transfer the Customer, or impose a Short Notice Return Charge calculated in accordance with [14] below, payable by the Customer or the Gas Retailer on behalf of the Customer, at SaskEnergy’s sole discretion.
8. The actual date that the Customer begins to receive Supply from the Gas Retailer shall correspond with the Service Transfer Date, where practicable, or the closest Business Day when an actual meter reading is reasonably available. If an actual meter reading is not obtained, an estimated meter reading may be used.
9. Gas Retailer Gas Supply Service is specific to the Customer and the account for the Premise(s) listed on the “Disclosure Statement and Appointment of Agent” form. If a Customer currently utilizing Gas Retailer Supply moves from that Premise, it is the responsibility of the Customer to notify both SaskEnergy and the Gas Retailer. If the Customer wishes to continue to receive Gas Supply Service from the Gas Retailer at the new Premise, SaskEnergy must be provided with a minimum of thirty (30) Days’ advance notice, together with a new “Disclosure Statement and Appointment of Agent” form and all other information reasonably required by SaskEnergy, or the Customer will automatically be placed on SaskEnergy Supply Service at the new address.

10. Delivery Service Customers must comply with SaskEnergy's Terms and Conditions of Service. SaskEnergy may Disconnect or withhold Service to a Customer choosing Gas Supply from a Gas Retailer in the event that the Customer defaults in the payment of sums required to be paid to SaskEnergy, the Customer fails to meet required Service conditions as outlined under these terms and conditions, The SaskEnergy Act, or The SaskEnergy Regulations, or the conditions set out in [5.2.1] of the Schedule are otherwise met.
11. SaskEnergy will notify the Gas Retailer of Disconnection or Discontinuation of Gas Retailer's Customers.

General

12. All Gas delivered by SaskEnergy shall be measured by SaskEnergy in accordance with this Schedule.
13. For the purposes of this Appendix E, Short Notice Charges are calculated as follows:

Short Notice Charge = Q x P, where:

Q - Means the Customer's consumption (in gigajoules), as estimated by SaskEnergy, acting reasonably, for the period from the Service Transfer Date of the Customer to the following November 1st; and

P - Means the price to be assessed for the Customer's Gas which is based on the difference between (a) and (b) below at the time of the Service Transfer Notice:

- (a) SaskEnergy's then current Gas Consumption Charge (converted to \$/GJ); less
- (b) The market price of Gas per gigajoule for the period from the Service Transfer Date to the following November 1.

If the price of Gas utilizing this formula is zero or less, no Short Notice Charge is required.

For the purposes of the calculations, the market price shall be the bid side of the market price of Gas per gigajoule at AECO/NIT, utilizing an average of three (3) independent price publications chosen by SaskEnergy, adjusted for the basis differential to the TransGas Energy Pool (TEP). If the Service Transfer Date is not the first day of a month, the market price will be based on the period beginning the first day of the month in which the Service Transfer Date is effective, to the following November 1.

14. For the purposes of this Appendix E, Short Notice Return Charges are calculated as follows:

Short Notice Return Charge = Q x P, where:

Q - Means the Customer's estimated or actual consumption (in gigajoules), at the sole discretion of SaskEnergy, acting reasonably, for the period from the Service Transfer Date of the Customer to the following November 1st; and

P - Means the price to be assessed for the Customer's Gas which is based on the difference between (a) and (b) below at the time of the Service Transfer Notice:

- (a) The market price of Gas per gigajoule for the period from the Service Transfer Date to the following November 1st; less
- (b) SaskEnergy's then current Gas Consumption Charge (converted to \$/GJ).

If the price of Gas utilizing this formula is zero or less, no Short Notice Return Charge is required.

For the purposes of these calculations, the market price shall be the offer side of the market price of Gas per gigajoule at AECO/NIT, utilizing an average of three (3) independent price publications chosen by SaskEnergy, adjusted for the basis differential to the TransGas Energy Pool (TEP). If the Service Transfer Date is not the first day of a month, the market price will be based on the period beginning the first day of the month in which the Service Transfer Date is effective, to the following November 1.

15. Short Notice Charges and Short Notice Return Charges payable under this Schedule shall be paid as liquidated damages and not as a penalty. The parties acknowledge and agree that actual damages are extremely difficult or impossible to determine and that such payment is intended to be a reasonable approximation of the amount of such damages. All liability for Short Notice Charges and Short Notice Return Charges shall be **joint and several** as between Customer(s) and Gas Retailer, and a Customer or Gas Retailer is not released or discharged from liability if the other, or another Customer or Gas Retailer, is released or discharged.

Dispute Resolution Process

16. As part of a Gas Retailer Master Services Agreement with SaskEnergy, Gas Retailers have agreed to comply with a Code of Conduct.
 17. Code of Conduct disputes will be resolved following the dispute resolution procedures described in Schedule 6 to the Gas Retailer Master Services Agreement between SaskEnergy and the Gas Retailer and the results of such procedures will be final and binding upon the parties (the “Dispute Resolution Process”). As a term and condition of service, a Gas Retailer Customer agrees to be bound by the Dispute Resolution Process, as amended from time to time. The Dispute Resolution Process is available online at www.saskenergy.com.
 18. A Customer or Gas Retailer that wishes to proceed to level 2 of the Dispute Resolution Process, which involves appointment of a dispute resolution coordinator, shall pay a Dispute Resolution Fee to SaskEnergy. The current Dispute Resolution Fee is found in the Tariff of Fees (Appendix C).

SaskEnergy shall be entitled to treat any act by the Agent in connection with the Commodity Sale Arrangement in the same manner as if the act had been by the Customer.

Disclosure Statement:

Customers choosing a non-utility gas supplier must evaluate the benefits and risks of a Commodity Sale Arrangement. You, the Customer, understand that:

1. Your Agent contracts with SaskEnergy to supply billing, delivery and other services. Your Agent is not affiliated with or endorsed by SaskEnergy in any way. SaskEnergy is not responsible and shall not be held liable or in any way accountable to the Customer or Agent with respect to:
 - a. The manner by which an offer to supply natural gas by your Agent is presented to you;
 - b. The terms of the Commodity Sales Agreement between you and your Agent;
 - c. The provision of any after sale services offered to you by your Agent; or,
 - d. The observance of, or failure of your Agent to observe, the terms of any offer to supply natural gas, the terms of the Commodity Sales Arrangement, the terms of the Code of Conduct or the terms of any applicable legislation.
2. Any cost savings will be on the gas supply portion of the bill. Your Agent may not be able to buy gas cheaper than SaskEnergy. You are responsible for all gas supply arrangements made by the Agent on your behalf. It is your responsibility to ensure that you are dealing with a knowledgeable and reputable firm.
3. It is your responsibility to check with your Agent as to what would happen if you change your address and what notice the Agent would require in order to terminate the contract.
4. In the event of a supply failure by your Agent, SaskEnergy will generally supply you with gas, subject to SaskEnergy's standard Terms and Conditions of Service Schedule requirements, including a Short Notice Return Charge that may be charged by SaskEnergy, if applicable.
5. It is your responsibility to check with your Agent as to the length of your contract and under what circumstances the contract can be terminated. To avoid additional charges, you may only be able to start buying natural gas directly or return to utility-arranged supply at certain times of the year or by providing the required notice. It is your responsibility to check with your Agent as to when these dates are, if there are any costs involved in leaving or returning to utility-arranged supply and who would pay these costs.

For Residential Service:

If you sign a Commodity Sale Arrangement for your home, SaskEnergy will issue you a letter notifying you that we have been advised by a Gas Retailer that you have elected to no longer purchase your gas from SaskEnergy. You have 10 business days from the date on SaskEnergy's notification letter to cancel your contract with the Gas Retailer without reason. Companies involved in the direct marketing of natural gas to residential Customers must have proper identification and also be licensed under The Direct Sellers Act with the Consumer Protection Branch, Saskatchewan Department of Justice. It is your responsibility to check to determine whether your Agent has direct sales identification. Licensing under The Direct Sellers Act may not be required with respect to commercial Customers, and the protection offered to residential Customers under The Direct Sellers Act may not be extended to commercial Customers. Agents must also abide with an accepted Code of Conduct.

If you need more information on the cancellation provision or if you feel you have been treated unfairly, you may wish to contact the Consumer Protection Branch, Saskatchewan Department of Justice at 1-888-374-4636.

Customer authorizes SaskEnergy and Agent to share such personal and other information of the Customer (including email and electronic exchange) as may be required under the Gas Retailer Master Services Agreement between SaskEnergy and Agent, including but not limited to, Customer name, service address, other address and contact information, and information regarding annual quantity of gas historically consumed by Customer prior to execution of an agreement with the Agent.

Commodity Sale of Natural Gas Revocation of Agent/Instruction to Transfer

This Instruction to Transfer form must be read and completed any time a party to an agreement to purchase natural gas, from a supplier other than SaskEnergy (Commodity Sale Arrangement), wishes to change Gas Retailer or return to SaskEnergy supply service for any reason prior to the end of the term of the Commodity Sale Arrangement.

If you are currently a party to an agreement to purchase your natural gas supplies directly with a party other than SaskEnergy, please read this document before signing. SaskEnergy and/or your existing supplier/ agent (the Agent) will receive a copy of this document.

Disclosure Statement:

Customers leaving a non-utility gas supplier to return to the utility, leaving a non-utility gas supplier for another non-utility gas supplier, terminating an existing contract with a non-utility gas supplier for any reason or terminating the agency of a non-utility gas supplier for any reason, must understand and evaluate the benefits and risks of such action. You, the Customer, understand that:

1. You are entitled to change suppliers/agents, without cause, at the end of the term of your existing agreement. The term of your existing agreement is contained in your contract with your existing supplier. Your contract will also generally spell out under what circumstances you can terminate your contract/ agency appointment, without charges or damages, prior to the end of the term. As the contract may not spell out all circumstances under which you may terminate, you may wish to obtain legal advice in this regard. SaskEnergy does not have a copy of your agreement and cannot provide you with advice.
2. **SaskEnergy does not advocate for or against the transfer of suppliers/agents during the term of an agreement.** Regardless of the term of the Commodity Sale Arrangement agreement, SaskEnergy will allow you to change suppliers/agents or transfer to SaskEnergy, after the first year of your contract, on November 1st, and any November 1st thereafter (on sixty days notice), without charges or damages payable to SaskEnergy. **This does not relieve you of any charges or damages that may be payable by you to your Agent under a Commodity Sale Arrangement agreement with that supplier, and such instructions to SaskEnergy may be a breach of your agreement with your existing Agent.**
3. Returning to SaskEnergy supply without the required notice may result in a Short Notice Return Charge payable under SaskEnergy's Terms and Conditions of Service Schedule in addition to any sums payable to your existing Agent.
4. Your Agent contracts with SaskEnergy to supply billing, delivery and other services. **SaskEnergy is not affiliated with, nor does it endorse, any non-utility gas supplier.** SaskEnergy is **not responsible and shall not be held liable** or in any way accountable to the Customer or Agent with respect to:

 - e. The observance of, or failure of your Agent to observe, the terms of any offer to supply natural gas, the terms of the Commodity Sale Arrangement, the terms of the Code of Conduct or the terms of any applicable legislation.
5. You acknowledge that SaskEnergy has no fiduciary obligation to you, and that you are acting on your own behalf, on your own judgment and on such independent advice and counsel as you deem necessary. In choosing suppliers/agents, it is your responsibility to ensure that you are dealing with a knowledgeable and reputable firm.
6. You acknowledge that you are capable of assessing the merits of and understanding (on your own behalf or through independent professional advice), and understand and accept, the terms, conditions and risks of this transaction.

7. The information and explanations provided herein shall not be considered advice or recommendations.
8. SaskEnergy does facilitate a dispute resolution procedure, that may be initiated between you and your existing Agent, and which may be an alternative to terminating your existing contract.
